Greenridge Update

The Greenridge planning application was recently rejected by the Purbeck District Council, who are the planning authority. The Town Council supported the plan, but are only statutory consultees. The Town Council are in constant dialogue with Hall and Woodhouse, who are now seeking to lodge an appeal against the planning decision. This may take many months. The Council has asked Hall and Woodhouse to tidy the site but due to their costs of maintaining the security of the site, and the fact that they are experiencing trespass and fly tipping; regretfully they have been unable to commit to this. We will of course keep residents informed as matters progress.

A350

We are advised by Dorset County Council, Highways Authority that commencement of works to improve the surface of the A350 should begin in October.
