Triangle Shopping Parade—Bins

Please can users of the Triangle Shopping Parade ensure that they dispose of their litter responsibly in the correct bin. We have received complaints from residents that the general public are using their private bins, and not segregating the waste, which results in the waste collection service not emptying their bins—which is obviously a lot of inconvenience to residents.

There are bins provided for the use of the general public and visitors to the Triangle Shopping Parade, but the larger bins situated in the car park are for residents use only. There are also bins located under the stairwell to the flats which are designated for commercial waste.

Thank you in advance for your co-operation.
