

Lytchett Minster and Upton Town Council

Consultation on the proposal for a pedestrian crossing in Dorchester Road, Lytchett Minster

Dorset Council is the responsible Highway authority, and have funds to implement about two pedestrian crossing schemes in Dorset for the 24/25 financial year. As the Town Council has been made by aware for a need for such a scheme, in order for Dorset Council to consider it, we are required to undertake a consultation exercise. If need is demonstrated via this engagement, then Dorset Council would undertake various surveys, including road traffic survey, which looks at quantity and type of vehicle passing in a defined timescale, and also a pedestrian survey to look at the type of pedestrian, how many, and where they are crossing.

Below you will find a map of the stretch of Dorchester Road which passes through Lytchett Minster Village. The map marks the proposed location of the pedestrian crossing. We would welcome your feedback on the proposal by completing the questionnaire below.

1. **Are you a Lytchett Minster Resident:** YES/NO
2. **Are you a Lytchett Minster School Pupil or Parent:** YES/NO
3. **The map below shows the proposed location of the pedestrian crossing. This is deemed the most suitable location based on factors such as road space environment, pavement width, dropped kerbs, junctions and corners.**

4. **Do you agree with the proposed location?** YES/NO

5. Please explain your reason behind your answer to question 4.
