PROPOSED TEMPORARY CLOSURE OF RANDALLS HILL, LYTCHETT MINSTER

I have received an application from Wessex Water Services to close Randalls Hill, Lytchett Minster between Huntick Road and Pit Bottom, a distance of approximately 880 metres. The closure has been requested to allow Wessex Water Services to excavate in and across the road and verge to install a fire hydrant. These works are programmed to commence from 17th August 2026 until 4th September 2026.

Wessex Water Services will publicise the road closure in a number of ways: they will place information boards on the road in this area to inform the travelling public of the works; they will carry out a letter drop to local residents directly affected by the works; and they will sign a vehicular diversion route using the local road network. The following map shows the extent of the closure and the diversion route.

This document is for information only, however if you have any concerns about this proposal, please contact Jamie Igoe, (trafficteam@dorsetcouncil.gov.uk) by 29th July 2026.
